Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

**Touch switch**

with on-/off- and dimming function.

To every order with lighting a touch switch is added without charge. All items have to be connected by cable.

If you require individual switching, additional touch switches must be ordered for a charge.

**Multiple socket**

manual or pedal radio control  
2 sockets with steady current/  
4 sockets to be switched

**Accu for lights**

**incl. touch switch**

- USB-C loader
- for dimming
- for max. 10W connected load
- Battery life depends on the wattage of the lighting
- not recommended for use to-

**4-channel remote control with 1 receiver**

- 1 transformator possible (max 30 W)
- for controlling up to 4 channels (secondary)
- Different dimming of the individual channels possible.

**Additional receiver for remote control 0118**

- necessary for:
- Exceeding the transformer load (max 30 W)
  - spatial separation of the elements to be chopped, if they should or can not be connected with a cable.

**Care set for leather**

consisting of:  
leather cleanser mild  
Leather protector  
cleaning sponge  
cloth

**Care set for wood**

consisting of:  
care milk  
cloth
