Qualitätskonzept - Made in Germany

Mit Möbeln von Hartmann entscheiden Sie sich für ein Qualitätsprodukt, produziert in Deutschland von einem der führenden Massivholzmöbel-Spezialisten in Europa. Mit modernster Technologie und handwerklichem Know-how fertigen wir für Sie Produkte, die entsprechend der DIN 68871 die Bezeichnung „Massivholz-Möbel“ tragen dürfen. Das von uns eingesetzte Material stammt ausschließlich aus nachhaltig bewirtschafteten Forstbeständen. So sorgen wir dafür, dass unsere Lebensgrundlagen auch künftigen Generationen erhalten bleiben. Wertvolle Ressourcen, wie in unserem Falle der Rohstoff Holz, werden vor Ausbeutung geschützt. Es darf also maximal soviel Holz gefällt werden, wie nachwächst.

AUSGEZEICHNET

**SUSTAINABLE ENERGY**

Heating with wood residues from production saves 300,000 liters of heating oil each year, thus avoiding around 950 tons of CO₂. 3,800 PV modules on the roofs of the production halls generate 1,080,000 kWh of electricity per year. This avoids over 700 tons of CO₂ emissions every year.

SUSTAINABLE RAW MATERIALS

The wood for our furniture comes 100% from sustainably managed forestry. A new one is planted for every tree used for production. That corresponds to around 7,000 trees a year.

SUSTAINABLE WATER MANAGEMENT

The construction of a circular system is planned for sustainable groundwater extraction: rainwater will be collected over a large area and fed back into the groundwater via a trickle.

SUSTAINABLE CORPORATE STRUCTURES

As a family-run company, we have been producing in Beelen for 110 years and will soon be in the fourth generation. Our employees have been with the company for an average of 26 years.

**Trust is good.
Quality is Hartmann.**

When you buy new Hartmann solid wood furniture, we grant you, as the first buyer, a two-year guarantee and additional 3 years as an expression of your confidence in the quality of our products.

Simply register within 3 months of receipt of goods and activate your warranty certificate at:

We have been producing our furniture in our own country for over 100 years and are thus clearly committed to Germany as a business location.

Tips for long-term enjoyment of our natural wood furniture & leather covers

- All surfaces should be treated with care.
- Do not place any sharp-edged, hot or damp objects on the wooden surfaces.
- Spilled liquids should be cleaned up quickly before moisture can soak into the wood.
- Clean the surfaces with a dry or slightly damp soft cloth.
- Then rub the surfaces dry. No moisture should remain on the surface.
- Please do not use cleaning agents.

For later surface refreshment, we recommend our specially developed care products. Regular application of our care milk and leather care products cleans, cares for and protects your wood and leather surfaces and thus ensures a longer lifespan for your Hartmann furniture.

Please note that the degree of gloss may change slightly after treatment.

Care set for wood

The milk gently removes dust and dirt without clogging the pores of the wood. It protects and cares in one step.

Care set for leather

The care set for pigmented smooth leather with the mild leather cleaner and the leather protector cleans, protects and cares for all pigmented smooth leather for cars and furniture. Pigmented smooth leathers are the most commonly used leathers for car and furniture leather.
