Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

Familie 5

Due to the design, the LED strips are not interchangeable, as they are firmly attached to carrier profiles such as e.g. aluminum profiles and must be glued. In this way, we guarantee a consistently long service life for our lights. We reserve the right to make technical changes to the model and dimensions! Models protected by law! Due to different designs and functions, the dimensions specified on the order confirmation may vary slightly in individual cases.

Material

 Oak heartw. natural

 Metal anthracite

Gestell/
Funktion

 wooden frame
Active padding

 Active padding

			65B Rust	

When ordering combinable covers, always state:
cover 1: seat back
cover 2: seat front

Chairs with leather-covered seat shells may have slight
ripples/creases.

ACTIVE PADDING SUPPORTS YOU

Similar to a gym ball, the Active padding keeps you constantly in motion, relieving pressure on your intervertebral discs and improving blood circulation. Furthermore, the micro-movements train your back muscles, preventing postural problems and thus protecting your back.
